

# PERFORMANCE DASHBOARD

online food ordering and delivery platform

# INTRODUCTION

*HELLO EVERYONE !!!*

\* i'm extremely delighted to share my dashboard

As a part of Mega internship data analytics program 2023

\* I thoroughly enjoyed creating this report and i grateful to

MR.Subramani data scientist for giving this opportunity

# Problem statement

**"Brace yourself for an Excel experience that's as spicy as a curry and as sweet as dessert! My dashboard reveals the category profits, daily revenue delights, and a city-centric revenue extravaganza, all whipped up in a one-month data banquet for an Indian online food ordering sensation."**
